### **Synopsis**

Since a teenage boy, Davis has been a little girl panties freak. He would masturbate to pictures of little girls in their skirts and dresses, spreading their legs while exposing their panties on the Internet daily after school. He hoped to become a teacher one day where he could see little elementary girls' panties peeks in the classroom. That wish came true when he was 25 years old.

Davis has been working for an enrichment center for over a year. He had seen numerous panties peeks of little girls from age 7 to 9 in the center especially in the classrooms. He had seen all sorts of panties colors ranging from white to pink to yellow and even powder blue panties with the girls sitting in different position such as knees to their legs and feet apart and he had even seen really good wider spread during the lessons. Still, Davis managed to resist his urge until the second year where Abby, a 7-year-old 1<sup>st</sup> grade student entered his life. Since then, his control over his urge of peeking at the panties of little girls slowly got out of control.

## **PART 1**

### **Chapter 1**

Abby has been attending Davis's classes for over three months. She has been an innocently cute little girl with shoulder length brunette hair with a big pair of beautiful eyes and a very cute looking mouth. Her body size's just a little smaller than the other seven-year-old girls in her class. She's very verbal and can be talkative at times but she's intelligent. Abby's really pretty compared to the other girls and she can be seen as a perfect little girl at that age but she has an issue. Most girls in her class had learnt how to sit like a lady and they only exposed their panties unintentionally when they had

forgotten. But for Abby, it seemed that she hasn't learnt about modesty as she would often sit with either both her knees spread widely apart or had both knees on her chest, feet apart even when she was wearing skirts and dresses. Because of that, her mother knew she had this problem so she would put a pair of safety shorts underneath Abby's dresses and skirts to protect her panties from being seen.

Abby's seating was at the back of the small classroom of 12 students. Davis would often see Abby's black safety shorts when Abby put both feet on her chair with knees to her chest or when she spread widely with both feet on the ground. Davis would always wonder about the panties colors hidden in that black safety shorts. He would usually go home and masturbate, imagining her sitting so innocently slutty without the safety shorts. He had imagined her in different panties colors and even patterns and cartoon characters but all those were just his imagination.

There were a few times were Abby placed both her feet on her chair with knees apart. Davis walked over to her desk and stood in front of her as she was reading. Davis stood there for a few seconds, staring at her black safety shorts, hoping it wasn't there. Abby would usually catch Davis looking but her innocence just caused her to just look at Davis and not suspecting that Davis was lusting to see her kiddy panties. Davis would then tease her by saying: "Put your legs down, people can see your panties if you sit like that and if you are not wearing safety pants." Davis told her this for over two times during the first month. Then, Abby started sitting like a lady since then. For nearly two months, Davis did not have any problems with Abby's innocent tease as she had learnt how to sit properly and he would only get occasional glimpses of her safety pants during the lessons until one morning.....

Someday during the third month. It was just another usual morning. Davis walked around the classroom to guide his students individually on the worksheets that he gave them. Davis stood at a boy's desk directly beside Abby. As Davis was helping the boy with the question, he noticed she was wearing her usual school pinafore and her previous habit was back again. At the corner of his eyes, Davis could see Abby's knees planted at her chest with the worksheet on her front thighs and both her feet were on her chair. She was so focused and busy trying to solve the question. After helping the boy, Davis walked slowly back to the front of the small classroom without any excitement or hope as he had completely given up trying to peek at Abby's underskirt since she had been sitting properly like a gentle girl. Davis sat on the chair placed in the middle front of the classroom. He put his worksheet on the front desk and took a quick glance around, glancing from the left side of the classroom to the right, making sure that everyone was doing their work. He glanced past Abby and he froze. His cock tingled suddenly and he was completely stunned. Was he hallucinating? Has his obsession with seeing her panties one day had finally gotten him to see things? Then, Davis turned his head slowly with a mixture of excitement and disbelief towards where Abby was sitting and his semi hardened cock felt a huge jolt of electric shock passing through from his balls to the tip of his cock which made his cock rock hard! He couldn't believe what he was staring at. He was no longer looking at the usual black safety pants that Abby usually wore under her school uniform and dresses. Instead, he saw Abby wearing her navy blue school pinafore with both knees planted on her chest with both feet apart on the edge of her chair and in the middle of that, a sexy triangular shape of white cotton cloth. Davis couldn't believe his eyes! Abby was just wearing panties! Davis saw Abby's white cotton panties for the first time and he stared at her panties with a raging hardened cock. Davis wanted more, he was greedy. He wanted a closer look. But Davis was smart, he thought of an idea. He told the whole class that he would like to play a quiz game with them but they have to close their eyes and think of the answers and they have to answer Davis as he quizzed them. Then, Davis made sure that it was safe and no one else was entering his classroom to catch his

perverted act. Davis reminded the students again not to peek or they will be out of the game. The quiz began, all the students covered their eyes with their hands. Davis quizzed them as he crept slowly and carefully towards Abby. He continued quizzing them with harder and harder questions to have more time. Davis stood in front of Abby, she was still in the same sitting position that would expose her panties as before. Davis made sure she was not looking and he pretended to search for something around Abby's desk to not arouse any suspicion if someone was watching the classroom camera. Soon, he was the front of Abby's desk. He squatted under Abby's desk and her white cotton panties was on show! Davis face was just two feet away from Abby's panties. Since Abby's knees were closed, he could only see her panties in a triangular shape. He went closer to her panties and he stopped at just a foot's distance away. Suddenly, Abby unknowingly opened her knees widely apart. Her legs formed an 'M' shaped on her chair. Davis could now see her white panties in every detail from the frontal top part of her panties to the lower part that covered her butt. The white panties that she was wearing had little light powder pinkish scallop-edge lace trim leg bands. The crotch part of her panties was just plain white while the top frontal part of her panties had a pink outline of a heart shape with young Minnie Mouse holding a yellow flower in it. Davis stared blankly at her sexy innocent panties and he was completely hypnotized with his solid raging cock forming a big tent trying to push free from his trousers. Out of a sudden, Abby opened her eyes and saw Davis's head just a foot of a distance from her panties, staring at her white Minnie Mouse panties. She immediately pressed the front of her skirt down to the chair and held it there tightly to cover her panties. Davis thought that he was dead for a moment for getting caught but luckily he was a quick thinker. He quickly showed her the small piece of memo paper that he was holding the whole time. He said: "There it is! Found it! It fell on your chair." Then he walked back to his seat and continued to play the game for a little longer to pretend that he was not doing what he was doing just now. This time, Abby did not close her eyes, she became a little aware and pressed her skirt down with both knees closed. This got Davis a little scared but Davis kept his cool and played the game with more laughter. Soon, Abby relaxed and she closed her eyes and continued playing for around five minutes before putting both feet on the chair again, hugging her knees and Davis got another few minutes of panties show before the class ended.

The class has finally ended. Davis has only 20 minutes before another class. Instead of the usual routine of marking the worksheets before the next class, he quickly went to a nearby mall just a few blocks away from the enrichment center and went into the secluded washroom at the highest floor of the mall. Although he knew that no one would ever use this washroom since it was so secluded, he needed to play it safe. He jammed the mop against the doorknob to lock it and he ran quickly into the end of the toilet stall. Locking it and unzipped his belt. He could see his hard cock forming a huge tent in his underwear. He closed the toilet bowl cover, sat on it and pull his underwear leg band from the right side to the left. His huge hardened cock popped out and it was finally free. He held onto his cock, closed his eyes and recall that sexy image of Abby opening her knees with both feet on the chair, showing her white Minnie Mouse panties with such close range and he stroked his cock on all five fingers up and down, up and down for a couple of minutes. As he was masturbating, he kept repeating: "Oh, Abby! Wow! I've been waiting for so long to see your sexy sexy panties! So sexy! White Minnie panties! Ohhh!" It felt so good, the feeling was so intense, he groaned and groaned and finally felt a huge surge of pleasure and his thick loads of cum shot out of his erected cock several times. When he was done, the floor and the door of the cubicle was splattered with his horny cum. Davis rested for a little while before heading for the next class.

## Chapter 2

After a week, it was Abby's class again. Davis was so excited and he was looking forward to teach the class. While he was driving, he thought of the panties color that Abby will probably wear for the day and that got him a little hard in his pants. But, he was pessimistic at the same time. He kept thinking that maybe during the previous class with Abby, he was just really lucky that Abby or her mom had coincidentally forgotten to put on the safety pants under Abby's skirt just for that day? Nevertheless, he just hoped he will get to see her sweet panties again.

The class began as usual. Abby sat at the backrow desk and the lesson went on for around 40 minutes and then Abby did it again. Davis couldn't believe his eyes! She's only wearing her panties under her skirt. Abby was hugging her legs and placed her feet on the chair again. Davis stared with so much excitement at her pink panties with red side bands. He stared and pretended to teach the class until Abby put her legs back down, ending the show. Davis needed more, he needed to masturbate but he couldn't wait until the class ended. So, he made up an excuse saying that some students were not paying attention and he arranged their seating. He placed Abby at the second front row beside the window while Davis sat at the front desk. Davis made sure no one sat at the front desk and that gave him a perfect angle and view on Abby's legs and skirt. Since no one was blocking his view now, Davis could now see everything even if Abby's knees were just slightly apart. The lesson went on and Davis's plan was a success. Abby's parted her legs slightly apart and Davis could see a little glimpse of her pink panties but the red side bands were not visible. After a while, her knees opened a little wider and Davis could now see a width of her panties around 1.5 inches and it gradually became 2 to 2.5 inches. Davis's cock was swollen and he needed to give it a little massage. But luckily, Davis was good at multi-tasking. He taught the class consistently and placed his workbook on top of his swollen tent on his pants to hide his erection and he gently and carefully squeezed the tip of his cock, feeling the sexual pleasure. It felt good getting to massage his cock while staring at that pink crotch. Out of a sudden, Abby lifted both legs up and planted both her knees on the front edge of the chair with her knees apart. She did it to check on her newly painted pretty toenails but she didn't know that she mad Davis wild. That view was too much for Davis to bear, he needed more than just an exterior gentle massage so he slid his hands from the waistband of his trousers into his underwear and gripped his cock. He stroked it wildly and he ensured that the workbook could cover his lewd act from his students. Other than that, he wasn't afraid of the surveillance camera in the classroom as the place where he was sitting was a perfect blind spot but anyone watching the camera could see Abby's panties since she's out of the blind spot area. Abby was so busy polishing her toenails with her fingers. She unknowingly opened her knees even wider to reach the other foot. Davis stroked madly and more intensely in his underwear as he could now see the hot-pressed Disney character of the Little Mermaid at the frontal top part of her panties. Davis couldn't stop stroking as he was at the brink of cumming. He kept stroking up and down, up and down and he couldn't take it anymore. He needed to cum so badly. He was mesmerized by that sexy panties pose. Then, he felt a sudden rush of semen blasting out from his cock into his underwear. Davis stared at Abby's pink sexy panties while he blasted loads after loads of semen. He had blasted 4 big loads and there's more to come. While he was blasting his final 2 loads, the lewd view of Abby's panties was covered quickly with the front helm of her school pinafore between her parted knees. Abby caught Davis staring at her panties. Davis froze but luckily he always had a backup plan. He carefully took his hands out of his trousers casually to not arouse any suspicion from the other students. Fortunately, the other students were still busy doing their workbook but not for Abby. Davis tried to hide his cloudy white sticky semen

covered hands but Abby already saw it. He started to initiate his backup plan by walking to Abby's desk and whispered to her ears so that the other students would not notice. He said: "Abby, can I see you outside the classroom just for a while?" Abby looked worried. "No worries, you are not in trouble. I just need to tell you something." Davis reassured her. Abby and Davis walked out of the classroom and closed the classroom door. Davis talked to Abby at the corner of the corridor where no one could see or hear them. "Yes, Mr. Davis," said Abby. "I didn't want to tell you this in front of the classroom because I don't want others to hear about this especially the boys," said Davis. Davis continued: "You are now an elementary grade one girl. You are no longer a kindergartener. And most importantly, you are no longer wearing safety pants right?" asked Davis. Abby nodded to answer Davis's question. "So, since when did you stop wearing those?" asked Davis. "Last month, I think," said Abby. "Mommy asked you to stop wearing them?" asked Davis. Abby replied: "No, Daddy..... Daddy said I don't have to wear safety pants anymore." "That's because you already learnt how to sit properly, like a girl. But you weren't in class!" said Davis. Abby denied and argued: "But I did sit like a girl!" "No you did not, you had both legs up on the chair and I saw your panties," said Davis. Abby looked at Davis with a look of disbelief about what he just said so Davis decided to act on his perversion by humiliating her. He said: "Yes, I saw your panties clearly. You had both feet up on the chair and parted your knees. I saw your pink panties with Little Mermaid in front." After hearing this, Abby lifted her pinafore to check her panties. Davis's cock twitched suddenly at the sight of Abby's full view of her pink panties. This time he could also see the red waistband of the panties with a little red bow stitched below it. Then Davis told her to put her skirt down and told her not to lift her skirt for anyone to protect himself in case she tells anyone about this. Abby was embarrassed that Mr. Davis saw her panties. Then she recalled Mr. Davis' hands moving up and down in his pants while staring at her panties just now. Then, she stared at Mr. Davis's hands smeared with some white cloudy sticky liquid. Davis's quickly told her that he spilled glue just now and he needed to wash his hands and he asked her to return to her class to finish up her work.

### Chapter 3

The last time was a close one. Davis laid low and did not act on his perversion on Abby for the next two classes to not arouse Abby's parents' suspicion. He managed to hold off while he saw Abby's panties spread a couple of times in the two classes. She wore white panties for both days but Davis did not do anything to get a more detailed view.

The school holiday week was here. The children will come for classes in their casual clothing where boys wore t-shirts and trousers while the girls mostly wore their skirts and dresses. Today's class started as usual. Davis conducted the lesson for around 20 minutes but Abby was not in the class. Usually, she will be one of the early students to arrive but not today. "Had she gotten sick? Or had she went for a holiday?" Davis thought. Part of him was disappointed that he might not get to see her panties for the day or even if she did come for class, she might be in shorts or even long trousers and that would have eliminated any chance for a panties show. However, the other part of him was so glad that no one was there to tease his cock and he could fully concentrate on teaching his students.

As Davis was explaining a concept, he heard a knock on the door. He waved for that person to enter without looking. "Good morning, Mr. Davis," said Abby.

Davis was so happy to hear Abby as he thought that she might be absent. He turned and smiled at Abby and his eyes looked slowly from her face down to her chest and he saw her in a pretty white blouse. Then he looked further down and saw the shortest ever blue denim skirt that was a size too short for her. He felt his blood rushing to fill his penis, causing an erection. Abby sat at her desk on the second front row beside the window as usual. Davis sat down at his desk and continued teaching the class while trying to take a peek at Abby's panties. For the whole 15 minutes, Abby did spread her knees but she sat at the edge of the chair and her knees were pointed down towards the floor. Davis couldn't see anything. He had to sit on the floor in order to see her panties from that angle but of course he couldn't do that. Her widely opened knees wasn't the main reason for causing Davis's lust but it was her teasing. She kept spreading widely and closing her knees repeatedly for a whole minute but Davis couldn't see a thing. Davis couldn't hold it anymore. He really needed to see what's underneath that sexy short skirt of hers. Then he changed her seating on purpose. He gave her the excuse that she had to share the same desk at the front row with Davis as she came late so that it would be easier for Davis to help her catch up with the lesson. Abby sat at the front desk with Davis obediently. Davis instructed the class to try to complete the exercises by themselves silently and he walked out of his classroom and went to his workstation. He quickly set his newly bought HD smart phone with a cover that would allow the smart phone to stand at any adjustable angle. He set it to be able to capture the highest resolution video possible and had video recording mode on stand-by. Then he pulled out a foldable file, large enough to cover the phone while he tried to record Abby's panties. He went back into the classroom and sat in front of Abby, sharing the same desk. Then he carefully and cleverly wrapped the file around the phone to hide it from the other students and he hit the record button. For several minutes, Abby kept her legs shut. Davis couldn't get anything and he was really frustrated. He kept thinking: "Come on my panties girl, spread your legs! Show me your panties!"

Abby still kept her legs completely shut and Davis really had to see what's in that skirt. So, he placed his hidden phone standing, the camera aiming at Abby's knees to continue recording in case she ever opens her leg. After that, he asked the class to turn to a chapter where they will learn about clothing and he quickly taught about the material, cotton. Davis taught the class about t-shirts and dresses made from cotton and then he asked them what other clothing are made of cotton? Some students gave answers like skirts, jacket, socks and others.

After no one could give anymore answer, he cleverly said: "Your underwear that you are wearing now are made of cotton too."

Some students laughed at it while the a few of them were disgusted.

Davis continued saying: "Well you know, boys' underwear come in just a few colors such as blue, white and black. But girls' panties come in many colors too. Well, usually they are....."

Then Samantha said: "White, I have lots of white panties."

Kathy said: "I have some pink and yellow panties too,"

"Alright, good. Now usually girls wear white, pink and yellow right? And these are the common panties colors for girls and there usually isn't any other colors," said Davis.

Suddenly Abby said: "I have red panties!"

Everyone looked at Abby including Davis but only Davis grew a huge tent in his underwear because Abby had both feet on the chair and her knees apart, her short denim skirt rode up to her thighs and she was showing her red hello kitty panties. But her panties weren't exactly red so Davis said: "Well, that's not red."

"But this is red! Daddy said this is red," said Abby.

Davis corrected her saying that it's actually dark rosy pink. That caused some boys to stare and her panties and agreed with Davis. "Well, your friends are right. Its rosy pink just a little darker that looks red to you. And does your daddy always see your panties?" asked Davis.

Abby replied: "He always says I can see your panties when I am not sitting properly."

"See! Even your daddy has to remind you to close your legs. So put your legs down. Everyone can see your panties," said Davis.

Abby obediently put her legs down and covered her panties. Davis continued with the topic of cotton panties for a little while more and he even told the class about his favorite underwear color.

"I really liked yellow underwear but sadly it is really rare for guys to actually find yellow colored underwear from stores but there are plenty of yellow panties out there for little girls," said Davis.

That had caused a few girls telling Davis that they all have those panties too. But Abby, sat at her desk quietly with her blushed face since Davis told her off in the class a moment ago. Soon, the class ended, Davis asked his students to remain at their seat while he collected their books from the back to the front.

For the remaining afternoon. Davis kept recalling in his mind about that rosy pink panties that he saw in class. However, he still survived through the day and went home. He had to masturbate after the experience in the morning. So he took a pair of little pink children panties that he bought and used frequently to masturbate and placed it on his computer desk. He turned on his PC and transferred the video files from his smart phone into his computer. He hoped that he was able to capture Abby's red panties when she lifted her legs to show her panties in class just now. But he got nothing, he only saw Abby carefully shifted her knees out of the camera's way to the side of her chair before lifting her legs. Davis was really disappointed but he still masturbated with the pink panties wrapped around his cock anyway and kept thinking of the view that he saw while he had forgotten to stop the video. While he was masturbating, he froze for a split second as he saw Abby's eyes looking at the camera for a second. Then, Abby hugged her knees and planted both feet apart on the chair. Her rosy pink panties were showing! Davis's cock became rock solid and he masturbated with the panties even faster. Then, what Abby did next made him stroke his cock violently and quickly as if he hadn't masturbated for years. He couldn't believe what he just saw. After the knee hug, Abby planted both feet, each at the side beam of the desk and perched her butt forward to the edge of the chair and spread her knees really wide. She closed her knees and opened them widely again for five more times before ending with an even bigger spread and this time she perched even closer to the camera. Davis could see everything, her rosy pink panties has a white Hello Kitty character on the top front with the same rosy pink side and waist band. That was too much for Davis. He groaned and groaned so loudly, feeling his cum ejaculating and ejaculating and ejaculating. After ejaculating the final load, Davis sat on his chair exhausted. He tried to hold on to the pink panties around his cock to avoid any semen from spilling but he couldn't. The pink

panties that was wrapped around his cock could not hold that much load of semen as it usually could. The panties were soaking wet with some heavy loads of semen leaking out from the side of the crotch of the pink panties. It was a huge mess. Davis fell asleep before having to clean up the semen that had gotten on the floor, his chair and desk.

Davis woke up and began cleaning his mess. As he was cleaning, he kept thinking whether did Abby actually see the camera? Part of him was really scared as he might be sacked or worse when she told her parents about it. So, he replayed the video over and over again but he could not make any solid conclusion as he could only see Abby's eyes looking towards the camera lens just for a second and then it was gone. He really hoped that she just happened to glanced by and not actually knowing about her teacher filming her panties. He thought of every possible lies that he could tell if he was questioned by his employers or even Abby's parents. That made him really worried for the whole night.

## Chapter 4

Davis's fear and paranoia diminished as the days passed by without anyone making any complains about his perverted act in the classroom a week ago. However, he was still afraid that her parents might actually confront him later as he would be teaching Abby's class in half an hour's time. He kept himself busy with his smart phone to get his mind of the anxiety while waiting for the time to pass.

20 more minutes before the class began. Abby came into the room and she was earlier than usual. That terrified Davis as he feared that Abby's parents might be talking with his employer.

"Good morning, Mr. Davis," greeted Abby. Davis returned the greeting after that and he told her to sit anywhere she liked before the lesson began. Then, she walked towards the front desk that Davis asked her to sit during the previous lesson. Davis couldn't take his eyes off the same short denim skirt that she wore just like the other day with most of her pretty legs exposed.

Davis questioned her after she sat down, sharing the same desk with him: "Abby, you are here early. Is mummy or daddy here?"

"No, mummy's working. Daddy dropped me off and went to work."

Davis was really relieved and his paranoia was gone. "Alright then, you may read your books or so before your friends arrive." Davis continued surfing the Internet with his phone.

A while later, Abby slowly spread her legs wide and her denim skirt was riding up her thighs. As it went up higher and higher, she pressed the front hem of the skirt to cover what's underneath that skirt. Davis noticed that sat further away from the desk and sat with his body lying lazily to adjust himself to be able to see Abby's knees. He pretended to be busy with his phone and he took occasional peeks. Suddenly Abby spoke: "Mr. Davis."

"Yes. Dear?"

"Did you see my Hello Kitty pink panties that day?" asked Abby.

Davis was stunned but he acted innocent and quickly responded: "You mean when you showed the class your panties while I was teaching about cotton clothing?"

Abby hesitated: "No. Did you see my panties when you went home the other day?"

Davis had a mix feelings of horrified and lustful after hearing this but he decided to respond to her question carefully. "How can I see your panties when I am at home, my dear?" He still pretended to be innocent.

"Didn't you see my panties? I opened my legs really big for your camera," said Abby.

Davis could no longer denied as he became overwhelmingly lusty after hearing this. He asked: "Did you show me your panties on purpose?"

"Yeah, I thought you might need it when you go home,"

"What do you mean?"

"Daddy said I think Mr. Davis loves seeing your panties and you can open your legs during the lesson to show him and he will surely have fun when he goes home,"

"Wow! Really? He told you that? And what do you mean by have fun? What did daddy tell you about me having fun?"

"Daddy didn't tell me about that. But every time when I come home from school, he will say that he wants to have fun and he will bring me to my bed."

A thousand thoughts of sexual acts came into Davis's mind and that made him asking for more information.

"What did daddy do to you on the bed?" asked Davis.

"He will ask me to open my legs widely like how I opened my legs in class last time and he will play with his thing."

"Oh my! Did he do anything else with you such as put it in your mouth or in your little pussy or pee pee?"

"No, he will just play with his big and hard thing until the baby juice comes out like what you did the other day."

"So you knew about my hand covered in my baby juice?"

"Yeah, after you played with your thing in your pants while looking at my panties."

"Did you showed me your panties on purpose?"

"Yes.....," replied Abby.

"Then why did you cover your panties like you caught me looking right after that?"

"Daddy told me to tease you in class like he always wants me to tease him before asking me to open my legs."

"Alright, how did daddy find out that I was always looking at your panties?"

"I told him that you went under my desk and looked at my panties closely,"

“Was he angry?”

“No, but he did what you did after I went home and told him about it and he played with his thing and shot his baby juice all over my panties,”

“Okay, when did he started asking you to tease me?”

“When I told him that you played with your thing in your pants and got baby juice on your hand. Then he took out my short skirt that I wore two years ago and asked me to wear them with the rosy pink panties to your class.”

Davis’s cock was rising and he urgently needed to grab this chance.

He tried his luck by asking: “Your daddy told you to wear like this too for today?”

“Yeah .....,” she replied.

“So ..... What panties are you wearing now? Can I see?”

Abby blushed and shook her head.

“Come on, my dear. Can I see? Please.....?” begged Davis.

Abby moved her both legs upwards, her skirt rode higher and higher, revealing more and more of her thighs. Then, she planted both feet apart on the chair and she spread her knees really widely.

Davis’s cock was instantly rock solid as he saw his favorite panties color.

“Wow! Yellow panties! Just wow!” exclaimed Davis.

Abby pulled her skirt higher, revealing the hot-pressed picture of a big pink heart shaped with the white word ‘Lovely’ written in it. Davis could also see the yellow lacy waist and side legs bands that looked so sexually appealing to Davis.

Davis needed to release his swollen cock. He unbuckled his belt and tried to get his cock out. Abby could hear his zipper and she saw a huge 5.5 inches’ cock that was fully erected. He couldn’t move to Abby as he could be caught by the classroom camera. So, he moved the desk between Abby and Davis away. Now, both Abby and Davis were at the blind spot of the room. He wanted to touch her panties but Abby disallowed him. But that did not bother Davis at all. He began stroking his cock up and down, up and down while staring at Abby’s yellow panties.

While Davis was masturbating, he asked Abby. “Did you wear these yellow panties because you know I like it?”

“No, I told daddy about what you taught in class and you said you like yellow panties so daddy bought me a few pairs and made me wear this today,” replied Abby.

“That’s so kind of your daddy!” Davis stroked his cock faster and faster now. He could feel the urge to cum coming his way but he stopped stroking and he cleverly told Abby to close her eyes because he was embarrassed while she watched him masturbate. Abby closed her eyes obediently. After around a minute, her eyes detected flashes of light several times with her eyes closed. So, she opened her eyes out of curiosity and she saw Davis snapping pictures of her panties. She asked Davis to stop and she was

unhappy about it but Davis managed to convince her to let him keep the pictures. After that, Davis continued to masturbate with Abby being his panty model for the day. Soon, he could feel the feeling of cum building in him and he was ready to unload his cum. Suddenly, he heard footsteps coming from the stairway of the corridor. Davis had no other choice but to quickly buckled up his trousers and pretended that nothing was happening. He was so close to ejaculating on Abby's yellow panties but he couldn't as one of his other students had arrived and entered the class.

Davis taught the class for half an hour with his raging hormone still in his sexual organ, struggling to release from his body. Davis couldn't take it any longer. He asked the girl that was sitting beside Abby to sit at another empty seat. He told her that he needed that desk empty to put his books. Then, Davis carefully and casually took his jacket and wrapped it around the chair beside Abby, creating a shield to protect from the other students' prying eyes. The other students could no longer see what's under Abby's desk from behind. Davis told the class to do a set of exercises that could take quite some time and he walked quietly towards Abby, standing beside her and pretended to teach her. Then, he whispered beside Abby and asked her: "Abby, can I see your panties?"

Then, Abby posed with the same position she did earlier. Davis sat in front of Abby and he took a good look at the yellow panties spread under the desk and he told her: "Beautiful! Now open bigger!"

This time, Abby took both her feet off her chair and placed her right foot on the empty chair next to her and her left foot on the wall beside the desk and spread her knees really wide. Davis stared at the biggest spread he had ever seen in his life. Of course he had seen really big spreads from adult porn sites but this time, it was a really big and sexy spread from a little 7-year-old girl with only her short denim skirt and panties. Davis unzipped his trousers and his huge hardened cock escaped through the hole, sticking out straight under the desk. Then he slowly pulled Abby's chair closer to his chair. Abby was now sitting so close to the desk and her tummy was leaning against the desk, giving Davis a full view. Then, he sat with his legs spread, placing both his legs under Abby's legs. His rock hard cock was just an inch away from Abby's panties. They now looked like they were having sex from the side view. Davis stroke and stroke and stroke his cock, squeezing it and pulling it as if he was trying to rip his cock from his body. He kept looking at her yellow panties while masturbating wildly. Then, he stroked more violently and quickly and he felt his cock grew even bigger and his cock head could feel Abby's crotch. Then he realized that he was masturbating and rubbing his cock head on Abby's panties. He masturbated even faster and harder. He could feel that he was about to blow his load really soon. It was so intense and Davis stroked and kept bouncing his cock head on Abby's panties covered crotch. That made Abby a little uncomfortable and she tried to push Davis's chair away from her but she accidentally gripped onto Davis's cock instead. That was too much for Davis to take, the feeling of her little 7 year-old's grip caused his semen to rush violently from his balls to his cock and it shot out with high pressure. The first load caused Abby to released her grip and the other loads kept spurting out as Davis kept pumping his cock. He wanted to groaned in pleasure but he can't. He cannot let the other know what he was doing. So, the pressure from the unreleased groans escaped through his cock instead. He had a hard time trying to steer his cock to ejaculate on Abby's panties and to avoid ejaculating elsewhere. Gobs and gobs of heavy loads of semen spurting out. Davis was exhausted but really relieved when the final spurt came out. He carefully and slowly put his cock back into his pants and reversed his chair slowly away from Abby's. He took a look under the desk and saw Abby's panties especially the crotch area was covered with his thick loads of semen, some of it had also gotten to her groins. His semen can also be seen leaking down the

left leg of the chair. Davis took out his phone from his pocket and snap a few photos of that wonderful result.

Davis whispered Abby to go clean up. Abby walked out of her seat and headed towards the door but one of the boys saw the thick slimy cloudy white liquid tricking down her thighs. "Ewww..... What is that?" asked the boy. That caused the whole class to look. Then Abby quickly told them that she spilled glue on her thighs. Then the class ended just like another normal day.

It was nighttime, the photos taken earlier were transferred and encrypted in Davis's computer. He wondered what will Abby wear on the next lesson. So many images of Abby in her panties running through his mind while he gave his cock a little massage during a hot shower. Out of a sudden, his phone rang. Davis decided to ignore it but it continued ringing as it sounded like there was an emergency. So, Davis dried himself and picked up the call.

"Hello, this is Davis speaking here."

"Hello, Mr. Davis. This is Abby's dad. Matt here."

For a moment, he was scared. He did not know what would happen next but he tried to remain calm.

"Hello, Mr. Matt. What can I do for you?"

"How dare you? You perverted fuck! Did you realized what you have done?"

Davis heart sank and all sorts of nasty thoughts appeared in his mind such as being in prison, being tortured by fellow inmates or even possibly killed.

"I'm sorry! I'm so sorry. I couldn't help it. She's been showing me her panties in class. She keeps spreading her legs so widely! I couldn't resist looking!"

"I'm not talking about that!"

"Then what are you talking about?"

"Don't act stupid with me!"

"Okay, okay! I blew my cum all over her panties but I didn't fuck her! I swear!"

"That's not the problem. I would have done the same if I were you too but you took pictures of my little girl's panties spread with her face on, did you?"

"Yes..... but I will delete it if you want."

"Even if you tell me that you will delete it but I can't guarantee that you will actually delete the photos."

"I will delete them, I will. Trust me!"

"You can keep the photos to relieve yourself at home but what I definitely DON'T want is to see my daughter's photos anywhere on the Internet. You hear me?"

"Alright, I promise you. I'll just keep it for myself. I will NEVER share them."

“That’s just your words. But if you ever leak her photos, you’ll be in deep trouble! Let me show you something. Hold on.”

Davis’s phone beeped. He looked on the screen and he had just received a photo from Abby’s daddy. He clicked on it and saw Abby’s yellow panties with some patches on the panties.

“Did you see the photo?”

“Yes .....

“Those are all your dried semen stains on her panties. You know what I will do if you ever leak her photos?”

“I understand.”

“Good. By the way I will still send her to you class as Abby told me that she adores you. But no more taking pictures of her.”

Abby’s dad hung up the phone. Davis’s was so glad that he just dodged a really big bullet. Before going to bed, he opened Abby’s full size panties spread photo that he took before the class began and masturbated until he ejaculated. After that, right before he turned off his computer, he set that photo as his desktop background picture as he wanted to be greeted with that sexy spread every time he turned on his computer.
